

**SQUADRON ADMINISTRATION  
THE PADRE'S DUTIES**

1. Squadron Commanders, in consultation with the Wing Chaplains and Civilian Committees, arrange for Squadron Chaplains or Padres to be appointed to the squadron. A Squadron Chaplain, besides taking formal church parades and services, may assist in the instruction of cadets in moral leadership and local citizenship matters; in making personal contact with cadets by helping them over their difficulties; and in preparing cadets for their enrolment.
2. Squadron Padres should therefore be kept very much in the picture by receiving copies of all squadron orders and training programmes and by being given regular periods in the training programme.
3. ACP 9 is the Syllabus for Padre's Hours.
